INSTRUCTIONS ON HOW TO USE THIS BOOK

The holder of this record book should ensure that all the continuing education hours are recorded and signed immediately after each session

- This record book should be used for continuing education topics relevant to the field of health promotion only
- Every CPD activity needs signature and stamp of organiser to be considered authentic
- Every Health Promotion Practitioner is required to accrue a minimum of 12 points from continuous education activities per year
- It is an offense to present false information in this record book

OVERVIEW

Continuing Professional Development (CPD) is an ongoing, structured combination of learning activities through which Registered Health Promotion Practitioners maintain and extend their knowledge and skills for lifelong professional competence. CPD can take many forms, from short courses to conferences, seminars and lectures.

Engaging in Continuing Professional Development ensures that both academic and practical qualifications do not become out-dated or obsolete; allowing individuals to continually 'up skill' or 're-skill' themselves, regardless of occupation, age or educational level.

In this spirit of dedication to best practice and a desire to act and serve wisely and well, this booklet is designed, issued to and used by all nutritionists who are registered with the Allied Health Professions Council of Zimbabwe to record CPD activities they undertake each year.

Should this professional continue to fail to take part in CPD activities for two consecutive years, they will be removed from the AHPCZ's register.
